

## Declaration of Entry into New Markets with Support from the Inn2POWER Project

Inn2POWER stimulates innovation and growth of SMEs in the offshore wind industry and provides them with the necessary expertise and support to explore the possibilities and opportunities of green hydrogen.

For the purposes of Inn2POWER, entry into a new transnational offshore wind / hydrogen market is defined as:

1. A supply chain company begins delivering services or goods within offshore wind / hydrogen in a NSR country in which they were not previously active,
2. A company working in offshore wind and/or hydrogen industry opens an office in a NSR country in which they were not previously located,
3. A company working in other sectors moves into the offshore wind or hydrogen market for the first time in their country of origin or abroad in the NSR.

This form declares that the named company has entered into offshore wind or hydrogen market for the first time, or in a new transnational location, as result of engaging with, and receiving support from, the Inn2POWER Project.
