WAB Newsletter 7 | 2018

Dear Sir or Madam,
Dear Readers,

the offshore industry recently received an alarming signal from Berlin. WAB Managing Director Andreas Wellbrock commented on the draft bill for the Energy Collection Act in Germany: "The fact that offshore wind energy has not been given a special contribution is an absolute disaster". The WAB continues to advocate at all levels that the special contribution will be launched as soon as possible.

We would also like to draw your attention to the WAB General Meeting, which will take place on the 5th of December at the "Deutsches Auswandererhaus" in Bremerhaven. Please make a note of the date today and register via [the WAB homepage](#) for the event. We are looking forward to seeing you!

Best Regards
Your WAB Team

REVIEW

Governor Philip D. Murphy meets the German offshore industry

The most important players of the German offshore industry met in October at Senvions headquarter in Hamburg to welcome Governor Philip D. Murphy, his wife and a delegation from New Jersey. The state of New Jersey has set itself ambitious climate protection targets that can only be achieved with offshore wind energy. The Meet and Greet took place in the so-called Oval Office. Numerous important contacts were made.

WAB Regulars´ Table goes Hamburg

On 7th of November the WAB Regulars´ Table took place for the first time in Hamburg at the international classification society DNV GL in cooperation with the "Verband für Schiffbau und Meerestechnik". The planning was preceded by the wish to host the Regulars' Table at different locations. The next Regulars´ Table will take place in Bremerhaven again.
