WAB Newsletter 8 | 2018

Dear Sir or Madam,
Dear Readers,

the panel of the 10th Wind Summit was made up of top-level political representatives. The WAB Member of the Board Markus Lesser and WAB Managing Director Andreas Wellbrock were also part of the podium. Wellbrock said afterwards: "The Wind Summit gives a positive signal to the wind energy industry in Germany. The special contribution of 1.6 GW, which the WAB has already called for several times with emphasis, is to be incorporated into a draft law in March 2019."

In this light, we wish you an enjoyable reading experience, a merry Christmas and a successful start for 2019, your WAB Team

13 & 14 FEBRUARY 2019

The journey goes to ... Gdansk

In 2019, the 6th WINDFORCE Baltic Sea will take place in Gdansk. Join us in the golden city of the Polish Baltic Sea and spend two enriching days with us.

The Baltic Sea has enormous potential for the expansion of offshore wind energy. In Poland, plans for the first offshore wind farm are in full speed. In order to increase the room for a personal European exchange, our Polish friends have asked us to host the WINDFORCE Baltic Sea 2019 in Gdansk. Following 2014, an excellent opportunity.

Be privileged to join this extraordinary conference. The reputable speakers will give an update on the developments in the neighboring countries. As always, you can expect exciting side events like our WINDFORCE Dinner or a guided city tour through Gdansk.

We look forward to see you!

Your WINDFORCE Team
