## WAB Newsletter 6 | 2019

Dear Sir or Madam,  
Dear Readers,

"The population should have the opportunity to consciously help shape the energy revolution," says WAB Interim Managing Director Heike Winkler in an interview with the Agency for Renewable Energies (AEE). In [the interview](#) you can read about the huge challenges the WAB is currently facing, the importance of communication and how Heike Winkler interprets feminism.

Heike Winkler was also a live guest at Radio Bremen on 28 July. You can see the television interview [here](#).

We hope you enjoy reading the new WAB Newsletter and wish you all the best.  
Your WAB Team

NEWS

## Fascinate politicians for offshore wind

In July, at the invitation of wpd and together with Andreas Wagner from the OFFSHORE-WINDENERGIE Foundation, Klaus Mindrup (SPD), Member of the Bundestag from Berlin, and the future Bremen Senator for Economic Affairs Kristina Vogt (Linke), the WAB visited the Nearshorepark Nordergründe. Thank you for this fantastic trip, which the politicians accompanied with contributions in social media: [Twitter](#) & [Facebook](#)

## Meeting point at HUSUM Wind and joint stand at WindEurope in Copenhagen

WAB will be present at HUSUM Wind with a small but nice meeting point (Hall 1 | Stand IE02). We cordially invite our members and other interested parties to network, to exchange industry information or simply to take a short break at our stand - space is available even in the smallest hut!

At the Windkraft Zulieferer Forum on 11 September, WAB Interim Managing Director Heike Winkler will give a lecture on the topic: "Stable offshore market in Germany - door opener for export?" as part of the Windkraft Zulieferer Forum and the German Inland Campaign.

In addition, WAB and the World Forum Offshore Wind are planning a joint exhibition stand in Copenhagen at WindEurope in Hall E from 26 to 28 November. You have the opportunity to present yourself here on an area of 4-5 sqm. WindEurope, which takes place every two years, has been one of the trade fairs to date: DEME Offshore, DNV GL, EnBW, Fred. Olsen Windcarrier, LM Wind Power, MHI Vestas Offshore Wind, Ørsted, Prysmian Group, Shell, Smulders, Siemens, Van Oord, wpd. The list of exhibitors can be found [here](#).

You can also send your expression of interest to [info@wab.net](mailto:info@wab.net)

## **New Digital Transformation Working Group meets on 13 August**

In August and September, the WAB organises various working groups: The start is on August 13th with the Digital Transformation Working Group. This will be followed by: WG Foundation Structures and Construction on 5 September, WG Service and Maintenance on 17 September and WG Market and Logistics on 23 September. You are a member of WAB, but have never taken part in a working group? You can participate at any time!

[Register now...](#)

In Addition, you can save the date for our Beginner´s Seminar. The seminar will take place on 13 and 14 November in Bremen. Further information will follow.

## **Innovation workshops on the topics of securing skilled workers**

The BIS Bremerhavener Gesellschaft für Investitionsförderung und Stadtentwicklung mbH, in cooperation with the Bremerhaven University of Applied Sciences, would like to support companies in acquiring further know-how in the field of "recruitment and retention of skilled workers" and "digital corporate presence" and offers participation in workshops, in particular for small and medium-sized enterprises.

The innovation workshop on the topic "Fresh wind for a common future - successful recruitment and retention of skilled workers" will take place on 3 September 2019 from 09:00 - 17:00 in Bremerhaven and will be conducted by graduate sociologist Christiane Jost, Managing Director of jostundkia Kommunikationskultur.

The innovation workshop on the topic "Digital corporate presence: understanding - deciding - acting" will take place on 5 September 2019 from 09:00 - 17:00 in Bremerhaven and will be conducted by Andree Kleinhanns, Managing Director of "BKM Medien".

Registration for both events is possible until 27.08.2019.

## Part-time wind studies: Apply now

Prospective students can apply for the "Further Training Course in Wind Energy Technology and Management" of the Centre for Wind Energy Research (ForWind) at the University of Oldenburg until 4 September. The part-time course imparts interdisciplinary knowledge on technology, economics, law and project planning in the wind energy sector at master level.

In the academic year 2019/2020 the proven concept will be supplemented by a unit "Post-EEG Business Models". This unit will deal with the marketing of wind power beyond the German Renewable Energy Sources Act (EEG) and sector coupling. In addition, the topics of digitisation and foreign markets will be integrated into existing units.

The eleven-month training course is aimed at specialists and managers from various disciplines in the wind energy sector as well as career changers from other branches of industry. Graduates are able to understand the complexity of wind energy projects and implement them competently. They gain interdisciplinary skills to successfully design and operate wind farms.

All topics and contents of the wind studies, the brochure and application documents are available at: [www.windstudium.de](http://www.windstudium.de)

**NEW MEMBERS**

## MP Filtri Germany GmbH

We are represented at Siemens Gamesa and Vestas as original equipment supplier with our hydraulic filters. In addition, we offer alternatives to all special filter elements for wind turbine gearboxes which are currently in use worldwide (for example: two-stage-elements) as well as standard filter elements. We also have desiccant breather in our product range.
