

B2B Offshore Wind Groningen

Think Global, Act Local in the Northern North Sea

day **1**

Thursday March 14th

Timetable Symposium

12:00 - 13:00	Registration and sandwich lunch at info market <ul style="list-style-type: none">- Please let us know if you have any dietary requirements (reg.form)
13:00 - 13:15	Welcome by Nienke Homan, Regional Minister for Energy transition <ul style="list-style-type: none">- Introduction to Groningen, Energy Region #1 in the Netherlands- Think global, act local: ambitions with offshore wind
13:15 - 13:45	How innovation brought the costs of offshore wind in the Netherlands down by 40% Hans Timmers, NWEA <ul style="list-style-type: none">- Short history of offshore wind in the Netherlands: lessons learned- Innovation as a key success factor - how is it organized in the Netherlands?- Outlook: future challenges which must be addressed by innovation (e.g. bird detection radar)
13:45 - 14:15	Eemshaven (offshore) energy hub - Jannes Stokroos, Groningen Seaports <ul style="list-style-type: none">- Renewable energy as a license to operate in the 21st century- Role of ports in bringing together supply and demand- Unique features of Eemshaven (teaser for site visit)
14:15 - 14:45	Panel - Interview - What Inn2Power can do for you <ul style="list-style-type: none">- NNOW opens new markets to Taiwan - Japan - Eddy Doornbos, NNOW- Entering new markets - HICE - BlueStream Offshore - CIV- Reflection on experiences by project lead - Ira Lardinois
14:45 - 15:15	Coffee break at info market
15:15 - 15:45	New innovations in building wind farms - Jan de Vries, Ballast Nedam
15:45 - 17:00	Movie and Introduction - Ocean Grazer - Wave energy in windmill farms Pitches by pre-selected (startup) companies Across regions and international
17:00 - 17:30	Cross border Smart grids - Frank Wester, Asset Manager Offshore, TenneT
17:30	Closing remarks followed by drinks at info market
19:30 - 21:00	Dinner (invitation only)

Parallel info market - Startup companies Renewable Energy

Stands	1. Ocean Grazer 2. Conoship 3. Offshore Wind Innovators	4. SeaQuerrent 5. Tocardo 6. Hydro	7. Hulst cable 8. Drones 9. Birdwatch

What to expect

B2B Offshore Wind Groningen

Think Global, Act Local in the Northern North Sea

day **2**

Friday March 15th

Timetable Speakers, B2Bmatchmaking & Excursion

9:15 - 9:30	Welcome (2nd day; coffee)	
9:30 - 10:15	NNOW Project in the Picture - GE Power - completion Windpark Merkur (Statenzaal)	
10:15 - 10:30	coffee break	
	Parallel session 1	Parallel session 2
10:30 - 12:30	B2B match making (GS kamer) - Powered by New Energy Coalition & Enterprise Europe Network(EEN)	Ocean Grazer (Statenzaal) - Wave energy storage in wind farms
12:30 - 13:00	Lunch (Atrium)	
13:00 - 13:45	Gathering for trip to Eemshaven	
13:45 - 14:00	Welcome at Eemshaven - guided tour Entrepreneur centre Nijlicht - accommodation Start-Ups	
14:00 - 16:00	Test Facility Tour Eemshaven	
16:00 - 16:30	Return to the city of Groningen, end of program	

During two days you will hear more about future developments of wind farms in the Northern part of the Dutch North sea, the activities in the main offshore wind port The Eemshaven, the chances of collaboration across borders and new innovations.

Participation of the symposium is free of charge
