

## WE'RE HERE TO EFFECTIVELY MANAGE THE HISTORIC ENVIRONMENT ON YOUR SCHEME

### SCREENING

Examining the need for an impact assessment

### SCOPING

Defining scope of work required in the project

### ASSESSING

Conducting surveys and impact assessment

### IMPLEMENTING

Enacting site-based mitigation measures

### MONITORING

Monitoring and support through scheme lifecycle

#### WHO WE ARE

Trident Archäologie is a leading archaeology and heritage company, based in Rostock, Germany.

We are the European branch of Wessex Archaeology, offering marine archaeological services to developers working in the Baltic Sea and North Sea.

#### WHAT WE DO

We are experts in discharging archaeological planning constraints, to help schemes progress on time and to budget.

Our multi-disciplinary team offers practical advice and targeted, data-driven solutions at all stages of a project.
