

# Side Event FOWT 2022

## Join the FOWT Country Supply Chain Seminar

**May 17, 2022**

**14.00 – 16.00**

Are you interested to learn more about the floating offshore wind supply chain in Basque Country (Spanish part), France, Germany, Norway, Scotland and The Netherlands and will you be visiting the Floating Offshore Wind Turbines (FOWT) Conference in Montpellier, France from May 16-18, 2022? Consider joining us on Tuesday May 17th between 13.30 – 15.30 in the FOWT Country supply Chain Webinar!

The FOWT is the annual meeting of the floating offshore wind sector community, and with this country session we would like to inform conference attendees about the floating wind supply chains in the different European countries, gain insight into the market developments with regards to floating wind and give the opportunity to network with the national wind energy associations.

### Organizers Country Supply Chain Seminar

- » Cluster De Energía (Basque Energy Cluster) – Basque Country
- » France Energie Eolienne – France
- » WAB e.V. - Germany
- » Norwegian Energy Partners (NORWEP) – Norway
- » Scottish Development International (SDI) - Scotland
- » Holland Home of Wind Energy (HHWE) – the Netherlands
